

the next generation of skincare

Lumière de Vie® is the next generation of skincare, designed to promote the natural healing process of all skin types.

Using the power of the sea and the earth, Lumière de Vie helps provide revitalized radiance, improved clarity and younger-looking skin. With the highest quality natural ingredients and powerful formulas that help rejuvenate, soothe, moisturize and protect, Lumière de Vie acts as first aid for your skin.

Put life and light into your skin with Lumière de Vie.

FOR BEST RESULTS, UTILIZE THE FOLLOWING REGIMEN DAILY.

STEP 1 cleanse	Cleanse with 1 Lumière de Vie Facial Cleanser by wetting your hands and face and, in circular motions, apply the cleanser to the face. Rinse with water or a wet washcloth. Repeat morning and night.
STEP 2 tone	Toning helps to balance the moisture in the skin, making it less oily. It is also considered a second step in the cleansing process. Apply a small amount of 2 Lumière de Vie Toner to cleansed skin using a cotton pad. Using your fingertips, gently massage into skin on face and neck, avoiding the eye area. Allow to dry. Repeat morning and night.
STEP 3 detoxify	Apply 3 Lumière de Vie Volcanic Exfoliating Mask to the face using clean hands, ensuring a thin layer covers the face and avoiding the eye area. Leave the mask on for 10 minutes. Repeat 1 to 2 times per week to detoxify the skin.
STEPS 4-5 treat	In any skincare regimen, the order of products is dependent on the texture of the product — apply the lightest textured products first and end with the heaviest. Apply treatments using a light patting motion, ensuring the entire face has been covered. First, use 4 Lumière de Vie Illuminating Fading Fluid (a.m. or p.m.), as it is light in texture. Next, use 5 Lumière de Vie Serum Concentrate (a.m. and p.m.) as it has a heavier texture than the Lumière de Vie Illuminating Fading Fluid.
STEPS 6-8 moisturize	Apply 6 Lumière de Vie Intense Rejuvenation Crème to the face, avoiding the eye area. Repeat morning and night. Apply 7 Lumière de Vie Eye Balm to the under-eye area using the included metal-tipped applicator. Using the applicator, lightly dab a small amount of Lumière de Vie Eye Balm underneath the eyes, rotating the applicator while moving from the inside corner of the eye to the outside. The applicator, along with the motion of the application, will help to increase the circulation under the eyes, decreasing the look of puffiness and under-eye circles. Repeat morning and night. Apply 8 Lumière de Vie Intense Hand & Body Crème to the hands and body for super-hydrated skin. Repeat morning and night.

you can also use...

Fixx® Microdermabrasion	Matriskin™ Collagen MP Serum	VitaShield OPC-3® Triple Serum	Fixx Stem Cell Serum	Pentaxyl®	Timeless Prescription® 3-Step Acne System
Fixx Microdermabrasion can be used as an exfoliant, gently buffing away dead skin cells for revitalized skin. Fixx Microdermabrasion can be used one to two times per week. Use Fixx Microdermabrasion after cleansing (step 1) and before toning (step 2). Follow with steps 3 and 4 for best results.	Apply Matriskin™ Collagen MP Serum during the treatment process (step 4). Matriskin should be applied after Lumière de Vie® Illuminating Fading Fluid and Lumière de Vie Serum Concentrate, due to its texture. Repeat morning and night.	Apply VitaShield OPC-3 Triple Serum during the treatment process (step 4). VitaShield OPC-3 Triple Serum should be applied after Lumière de Vie Illuminating Fading Fluid, but before Lumière de Vie Serum Concentrate. Repeat morning and night.	Apply Fixx Stem Cell Serum during the treatment process (step 4). Fixx Stem Cell Serum should be applied after Lumière de Vie Illuminating Fading Fluid, but before Lumière de Vie Serum Concentrate, due to its texture. Repeat morning and night.	Apply Pentaxyl as the last step during the treatment process (step 4), before the application of moisturizer. Repeat morning and night.	This advanced acne care system can be combined with the Lumière de Vie line.
